Payment Processing Introduction

College and university officials may provide payment information to the Commission in one of two ways:

- Use the Commission's On-Line Payment System from a Personal Computer (PC) with internet access using **Internet Explorer (IE)** version 6.0, 7.0 and 8.0 only. Instructions for this process begin on page 10.
- Provide a file produced by the college or university in-house computer system in a format prescribed by the Commission, and returned using the Commission File Transport System with **Internet Explorer (IE)** version 6.0, 7.0 and 8.0 only. Instructions for this process begin on page 19.

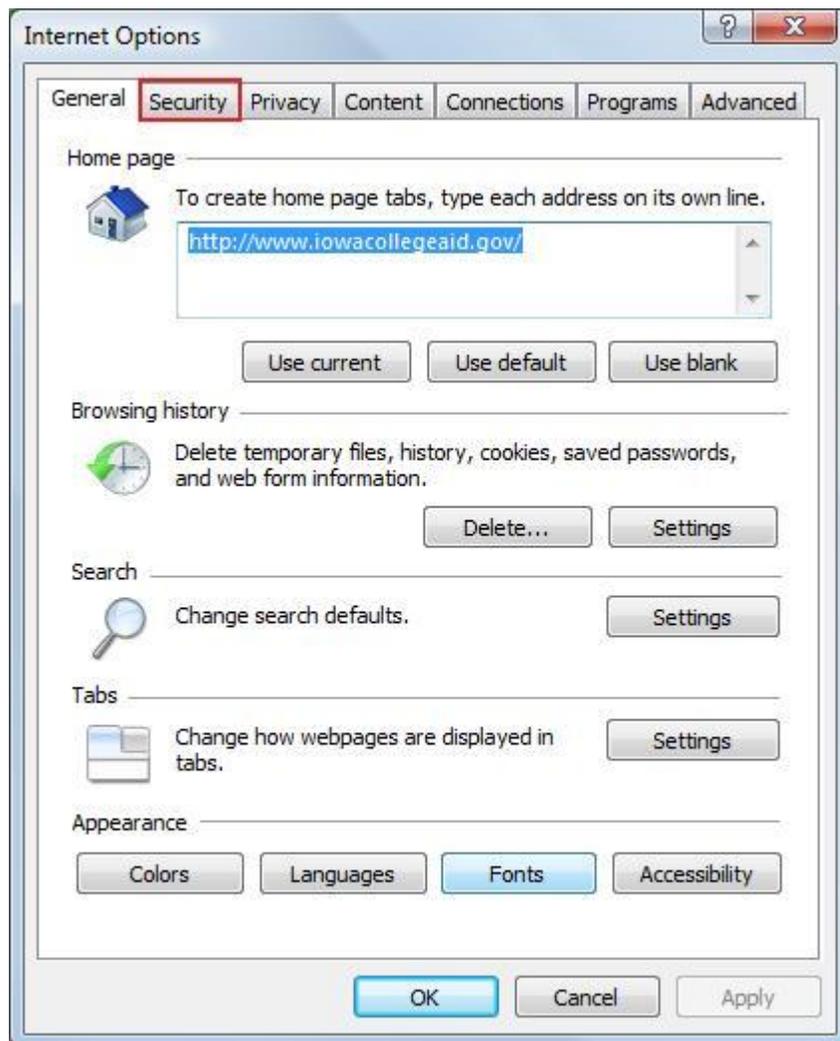

All users should use the steps beginning on page 4 to configure the Internet Explorer browser. If you do not complete these steps, the Commission File Transport System **will not work**.

Configure Internet Explorer Version 6.0, 7.0, 8.0 Browser

You must ensure the proper security settings in your browser. The process may be different for some versions of IE.

For Internet Explorer 6.0, 7.0, 8.0:

- Open Internet Explorer
- Go to menu-option “Tools”, and “Internet Options”
- Go to the “Security” tab.

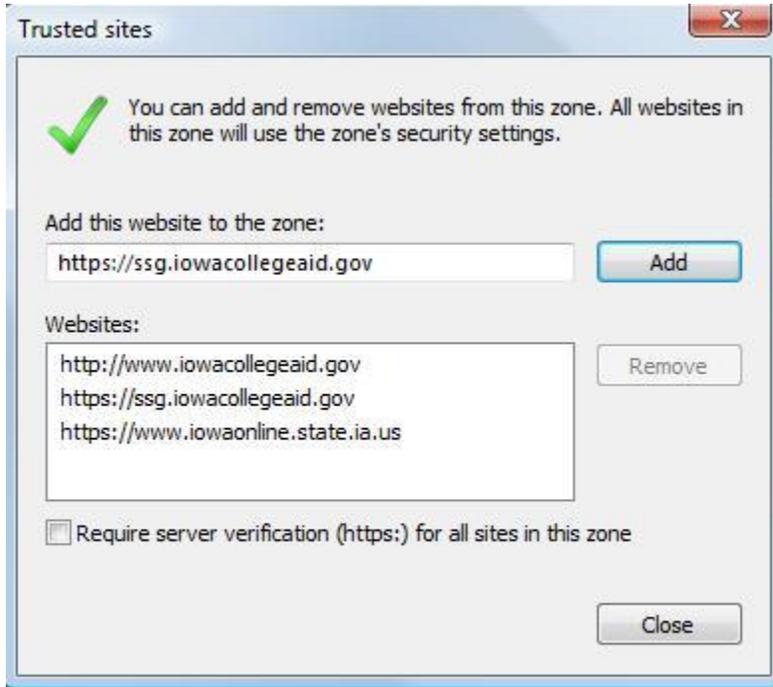

- Click on “Trusted Sites”

- Click on “Sites”

In the “Add this Web site to the zone:” box, type: <https://sbg.iowacollegeaid.gov>

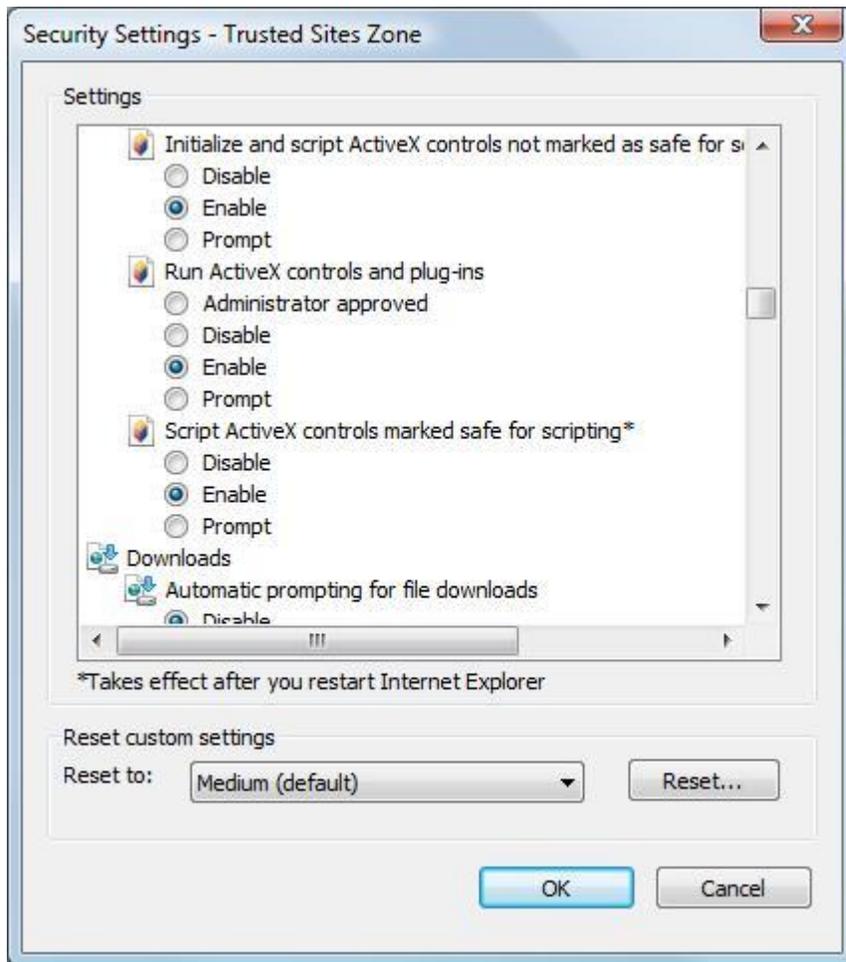

- Click “Add”. The URL address should appear in the “Websites:” box beneath it.
- Click “Close”

➤ Click on “Custom Level”

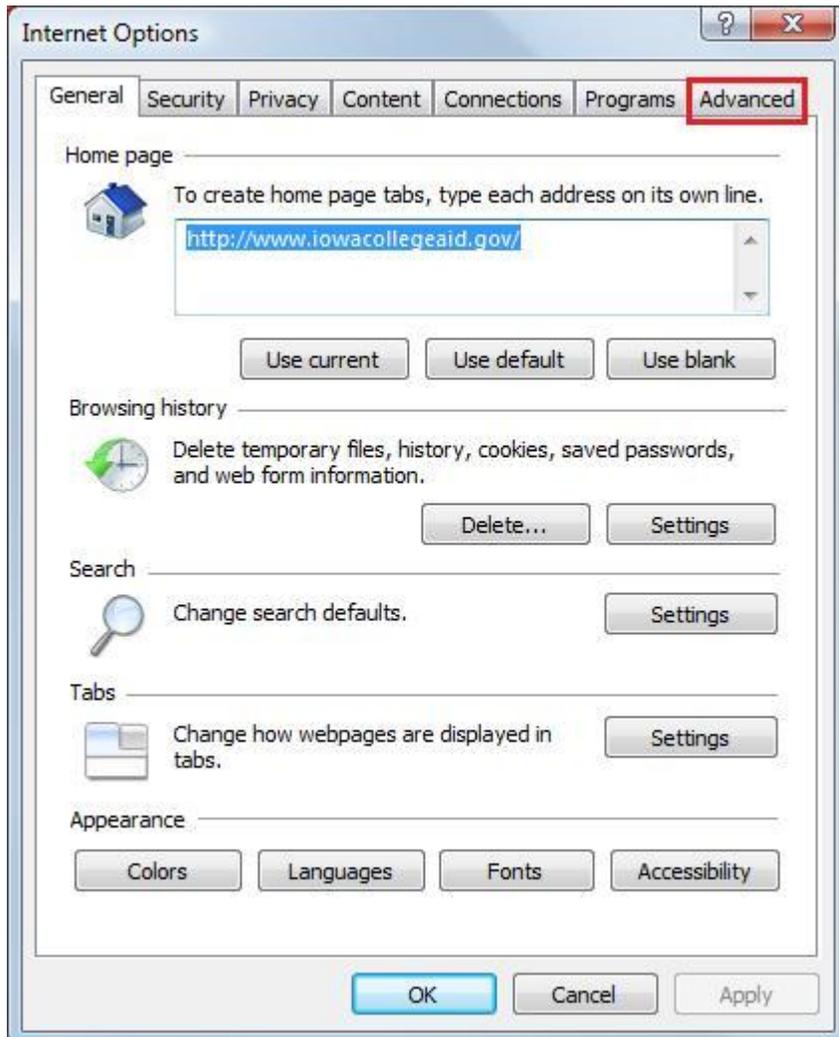

- Under the section entitled “ActiveX controls and plug-ins”, make sure **“Initialize and script ActiveX controls not marked as safe”** is set to either “Enable” or “Prompt”. If it is not, set it to “Prompt”. Also verify **“Run ActiveX controls and plug-ins”** is set to “Enable”. All other settings may remain in their current mode.

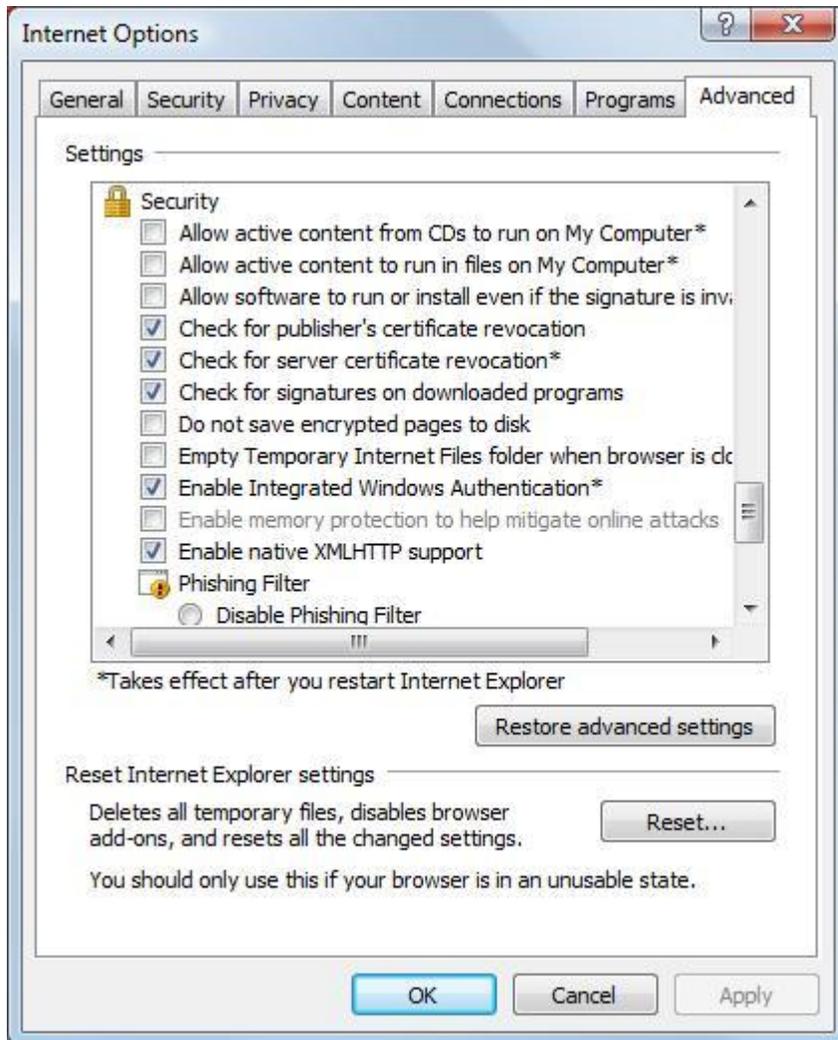

- Click “OK” and to return to the screen on the following page.

- Click on the “Advanced” tab.

- Under the section entitled “Security”, make sure “**Check for publisher’s certificate revocation**” and “**Check for server certificate revocation**” are checked marked.

- **Note:** Click “OK”, and then **restart** Internet Explorer (close all open browsers and reopen Internet Explorer).

Commission's On-Line Payment System

STEP 1. Navigate to the Scholarship and Grant Reporting System

- On the Web, go to <https://sbg.iowacollegeaid.gov/ssgrants/Login.asp>.
- Enter your User ID and Password and Choose "Login"
- The following page will appear:

The screenshot shows the website interface for the Iowa College Student Aid Commission. At the top left is the logo for the Iowa College Student Aid Commission, which features a graduation cap inside a circle with the text 'IOWA COLLEGE STUDENT AID COMMISSION'. To the right of the logo is the main heading 'i have a plan IOWA scholarships & grants'. Below the heading is a navigation menu with the following items: USER GUIDE, SEND, REPORTS, UPDATE, HISTORY, ACCESS, and LOGOFF. The main content area is a light green box containing a list of options and their descriptions:

User Guide	Use this option to view the user guide on how to use the S&G System.
Send	Use this option to return your edited payment file to the Commission.
Reports	Use this option to run a report on your data.
Update	Use this option to update your data.
History	Use this option to look up history on students.
Access	Use this option to set the access permissions for your college's various users.
Log Off	Use this option to log out of the system.

At the bottom of the page, there is a footer that reads: 'For assistance, please contact the Information Service Center of the Iowa College Student Aid Commission at 877-272-4456. [Feedback?](#)' and a copyright notice: '© 2009 Iowa College Student Aid Commission'.

STEP 2. Updating Scholarship and Grant Files

This process will be used each time a student's record needs to be updated by the college or university. Because it is an on-line system, upon completion of the task, information will automatically be added to the Commission's database and no file transmission will be required.

- Choose "Update" (either from the top or side of the screen).
- The following page will appear:

The screenshot shows the Iowa College Student Aid Commission website. At the top left is the logo for the Iowa College Student Aid Commission, featuring a graduation cap. To the right of the logo is the text "i have a plan IOWA scholarships & grants". Below this is a navigation bar with several dropdown menus: "Choose TERM(S)...", "Choose FIELDS...", "Choose PROGRAM...", and "Choose Size...". The "Choose TERM(S)..." menu is open, showing options: "Term: Fall", "Term: Spring", and "Terms: All Valid". The "Choose FIELDS..." menu is open, showing options: "EFC", "AEFC", and "Campus". The "Choose PROGRAM..." menu is open, showing options: "Program: All", "Program: IG", and "Program: NG". The "Choose Size..." menu is open, showing options: "Size: 20", "Size: 50", and "Size: 100". To the right of these menus is a "View Records*" button with "Sort: LastName" and "Sort: SSN" options, and an "EXIT" button.

Below the navigation bar is a green box titled "Update Records". Inside this box, it says "You will notice certain filter options along the top." followed by a list of bullet points:

- Choose Term(s)... selects which term(s) you wish to view
- Choose Fields... selects which set of fields you wish to view
- Choose Program... selects which program you wish to view
- SSN... will execute the filter criteria and sort by SSN
- LAST... will execute the filter criteria and sort by last name

Below this list, it says "You will notice other options along the bottom." followed by another list of bullet points:

- Delete Selected Records... delete all records with check marks next to them
- Add Student... adds a new student
- Update Changes... updates the current screen's information
- Undelete... restores a student that has been deleted
- Request Payment... requests payment from ICSAC (and locks out account)
- SSN/Last Search... searches via SSN or last name where can make changes

At the bottom of the page, it says "For assistance, please contact the Information Service Center of the Iowa College Student Aid Commission at 877-272-4456. [Feedback?](#)" and "© 2009 Iowa College Student Aid Commission".

From this screen, use the boxes on the top to select the view you will use to display student information by term, fields, program, result size, and LastName/SSN.

The options describe:

- **Term** – The term for which you will be viewing/editing information
- **Fields** – The information to view for each student (EFC, AEFC, Campus (online or off-site), Grad Date, Info Code and Enroll Status)
- **Program** – The program for which you would like information to be displayed
- **Result Size** – The number of students to be displayed in the scrollable list.
- **View Records by SSN/Last Name** – The order in which student information will be displayed – by social security number or alphabetically by last name.

When you select LastName or SSN within the View Records options, a screen similar to the following will appear:

C U	SSN	ID	Last Name	First Name	IC	IG	ITG	ITGM	NG	AIOS	AIFCG	ETV	GUS

On the above image, you will see various links. There are the << PREVIOUS and NEXT >> links which will go to the next set of records. If you chose a result size of 20, then your first set of records will have 20 records. When you click NEXT >>, it will take you to the next set of 20. << PREVIOUS does just the opposite.

Below the << PREVIOUS and NEXT >> options are links for each letter in the alphabet. This will allow you to choose just those records that start with that letter. If you choose 'A', you will get just those records with last names beginning with 'A', and a result size of whatever you chose along the top (by default 20).

After choosing 'A', you will see a list of letter combinations such as AA, AB, AC, AD, etc. This will help you further filter records to get at the student you wish to update. To remove the letter filtering, click on the ALL link. This will return to the filtering (selection) criteria set up in the top section of the screen.

Below the letter options are links containing numbers. These are arranged based on the result size you chose in the top section of the screen, and they will help you jump to different sections of your student records. This might come in handy for actions performed on large groups of students (such as delete).

C	U	SSN	ID	Last Name	First Name	IC	IG	ITG	ITGM	NG AIOSAIFCGETV GUS
1					TARA	Fall	0	1920	0	NE NE NE NE NE
						Spg	0	1920	0	NE NE NE NE NE
2					JESSICA	Fall	0	1920	0	NE NE NE NE NE

3					ALEX	Fall	0	1920	0	NE NE NE NE NE
						Spg	0	1920	0	NE NE NE NE NE
4					DEBORAH	Fall	0	1920	0	NE NE NE NE NE
						Spg	0	1920	0	NE NE NE NE NE

In the central section of the screen will be a list of records that have fields which allow you to change the data associated with that student. However, **changes do not take place until you click the 'Update Changes' link along the bottom.** The "Update Changes" button saves all the changes into the database.

The second column has a C link and a U link. Clicking the C link will result in checking all records in the current scrollable list. Clicking the U link will result in un-checking all records in the current scrollable listing. Once these records are selected, you may do a mass delete by clicking on the "Delete Selected Records" link along the bottom.

In the third column is a waste basket which allows you to delete students one at a time.

If the student has been certified as eligible for the All Iowa Opportunity Scholarship (AIOS), All Iowa Opportunity Foster Care Grant (AIFCG), Education

and Training Voucher (ETV), National Guard Educational Assistance Program (NGEAP), the corresponding award fields will also be available for disbursement reporting (in which case you would not see an N/E; ), below the award fields).

Grant history enhancements now alert financial aid administrators that have added a disbursement for a student that may exceed the maximum full-time or part-time semester awards allowed by law. The award field will appear with red background . In these situations, the financial aid administrator should look up the student's grant history using the History function, described in detail on page 31.

[Delete Selected Records](#) [Add Student](#) [Update Changes](#) [Undelete](#) [Submit Payments](#) [SSN/Last](#)

As aforementioned, the 'Delete Selected Records' link will remove whatever records in the center section are checked with a green checkmark. Keep in mind that each set of scrollable records represents one group to act upon. That is, if you put a checkmark next to five records, then navigate to the records which start with 'Z' **by clicking on the 'Z' navigational link**, the previously marked records will no longer retain their checkmarks. **Group actions can only be performed on the current scrollable set of records.**

The 'Update Changes' link, mentioned before, actually performs and records the changes you made on the database. Changes are also committed if you use one of the navigation links (letters, numbers, previous, or next) to move to a different scrollable list. Using these links, the database also will be updated. The 'Update Changes' button records changes and returns you to the current set of records.

The 'Add Student' link will take you to a section that will allow the addition of students at your college or university roster. Prior to selecting the "Add Student" link, it is wise to search for the student through the "SSN/Last" option. If you cannot find the student through this option, you will need to attempt to "Add Student" to your roster. The screen will look similar to the following:

[Return to Updating](#)

After entering a student, click the “Add Student” link at the bottom. This will add the student to your schools roster. **NOTE: Graduation Date is not a required field when entering a student to your roster. Required fields are SSN, ID (first 2 letters of the students last name), Last Name and First Name.**

Clicking ‘Submit Payments’ link, beneath the scrollable list, indicates to the Commission that your numbers are final, and you are ready to be paid for whatever the numbers currently total. **NOTE: This action will lock you out from further updates until the Commission can review and pay the dollar amount.**

Finally, there is an input box which allows you to search either on SSN or Last Name. Simply enter the SSN or the first part of the last name, and all records that match will be returned for you. For instance, if you entered ‘Bro’, you would see all ‘Brown’, ‘Browne’, ‘Brownell’, and ‘Brownlee’. Then you would be able to select the exact record to be edited.

Here is an example of what the result screen might look like if you typed ‘BRO’ into the field and hit the SSN/Last button:

Edit Student Matches				
ID	Last Name	First Name	Status	
BR	BROWN	JUS	Active	Edit
BR	BROWN	REB	Active	Edit
BR	BROWN	JENI	Active	Edit

Notice there is also a status with each record returned. Even students who are deleted can be restored. If you click on the 'Edit' button, you would see the following:

The options along the bottom allow you to 'Update' whatever changes you make to the record, 'Restore' or 'Delete' (depending on the current status), 'Return To Listings' which will not update your changes but return you to the list of records returned from your SSN/Last Name search, or 'Return To Updating' which will return you to the last updating screen you used.

Keep in mind, ITG Matching (ITGM) funds can only be reported in state-defined terms in which the student actually received an ITG award.

College or University In-House Computer Download

College and university officials who provide files to the Commission from in-house computer systems must provide files in the layout prescribed on pages 33 and 34 of this User Guide.

The Payment Record Layout provides the field lengths, start and end positions for all fields, and, where appropriate, the corresponding ISIR field references. The file must be provided in a flat, fixed-width ASCII format with character fields left-justified. Numeric fields must be right-justified with zero-fill to the left of numeric data.

Sending a Payment (.txt) File to the Commission:

Before the Commission can process your data, the payment (.txt) file must be returned to the Commission via the State Scholarship and Grant Reporting System.

Payment (.txt) File Layout Options:

During the 2012-13 academic year, colleges and universities that uploaded scholarship and grant data using the text file during the 2011-12 academic year will have the option of uploading a text (.txt) file in either the " Old 2011-12 Layout" or " New 2012-13 Layout".

After logging into the System and clicking on the "SEND" link, a selectable dropdown option displays in item 3. If your college or university DID NOT make updates to the existing file format for the 2012-13 academic year, you will want to select "Old 2011-12 Layout" in the dropdown. If your college or university DID make updates to the existing file format for the 2012-13 academic year, you will want to select "New 2012-13 Layout" in the dropdown. The drop-down field will automatically default to show "New 2012-13 Layout" (see screen shot on page 20 for a reference). **All colleges and universities that implement the text file upload beginning with the 2012-13 academic year should use the "New 2012-13 Layout".**

If your college or university continues to use the " Old 2011-12 Layout" and manually updates student disbursements for the Kibbie Grant, ETV, and the GEAR UP Scholarship, uploading the text file will not change any student disbursements under these three programs (you will have to continue to manually update the disbursement rosters for these programs). By uploading the "New 2012-13 Layout", all program disbursements included in your text file will be updated on the System roster for your college/university.

In the “Payment File” box use the “Browse” button to select the file to be returned to the Commission. Then choose the term for which you are sending the file.

Please ensure that you select the file format in step 3 that corresponds to the actual file layout that you are submitting. If you select "Old 2011-12 Layout" in the dropdown but the text file that you upload is in the "New 2012-13 Layout" format, no information after field number 89 will be saved on your roster. This allows a college/university that was not able to move to the "New 2012-13 Layout" for the 2012-13 academic year to manually update ETV and Kibbie Grant disbursements, submit a text file as "Old 2011-12 Layout" to report disbursements for all other programs, and have no data loss or overlap. Colleges/universities that utilize this disbursement roster updating option will want to ensure that ETV and Kibbie Grants are manually updated (if changes occur), as uploading the "Old 2011-12 Layout" will not update these disbursement fields.

- Click on the graphic. A message may pop up asking you whether to allow the ActiveX interaction. Click “Yes”.

- If your file is sent successfully to the Commission, you should receive a “Successful upload of payment file” message. Click “OK”.
- Be sure to keep this file (in your C:\ICSAC folder) for subsequent updates and next term file information. After making any changes, you will then send the updated file to the Commission (which means there is no need to download another file from the web site).

Note: Be sure to log off when you are ready to leave the application.

PAYMENTS AT ANOTHER SCHOOL

The individuals listed in this section have been identified for payment at another college or university. Please confirm (by checking the box next to the student's name) that the student should be paid on your campus.

There are no choices of this kind to make at this time.

1. **No FAFSA found for this person.** No FAFSA was found for the individuals listed on this section of the error report. These payment records will not be loaded to the System. You must contact Commission staff to receive guidance about paying these individuals. It is likely that the individual filed the FAFSA and listed a “State of Legal Residence” other than Iowa. These issues could also stem from the student filing a FAFSA under the wrong SSN, and subsequently updating the SSN on the same FAFSA to correct the issue (the System holds the original SSN, so ICSAC staff must associate the records to allow payment reporting).

2. **Student Identification Choices.** Social Security Number match was found for the individuals listed in this section of the error report. However, Name ID matches were not found. Please select the correct student. If you choose “none” the student file will not be loaded and you must contact Commission staff to receive guidance about paying the individual.

3. **Payments at Other School(s) Choices.** The individuals listed in this section have been identified for payment at another college or university. Please confirm (by checking the box next to the student’s name) that the student should be paid on your campus.

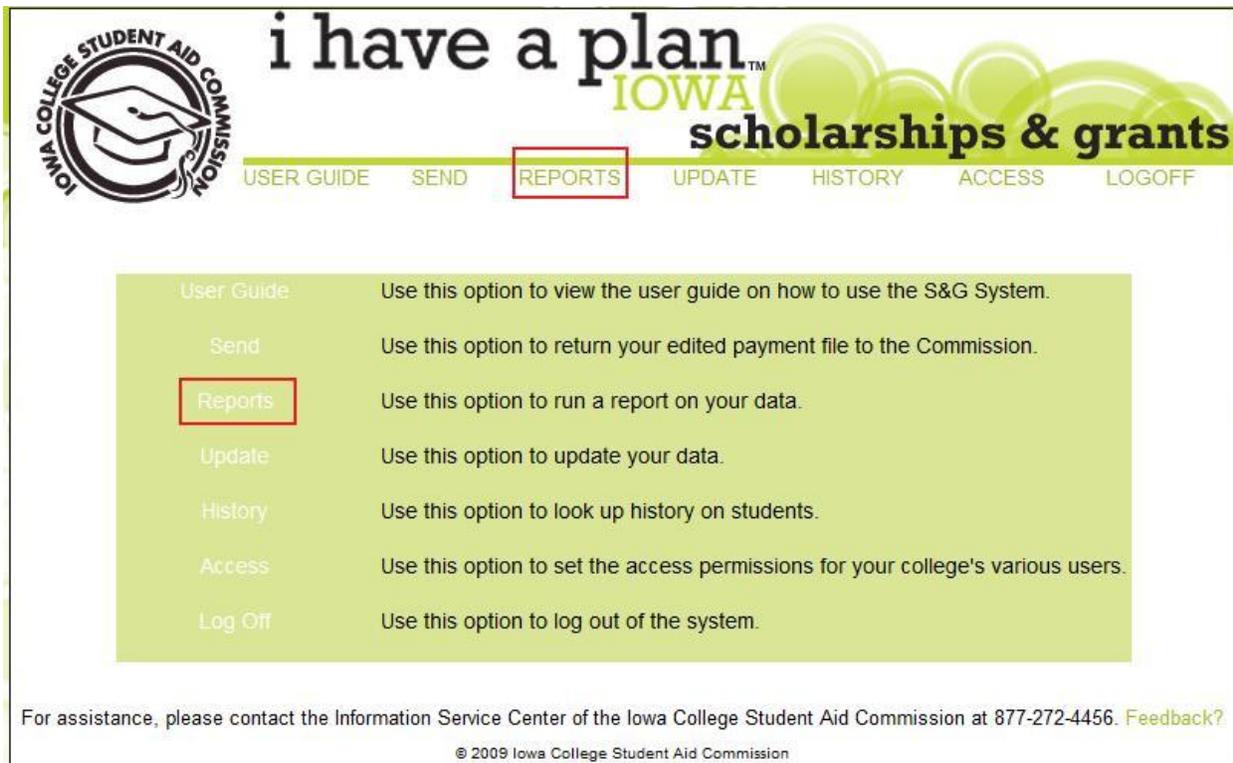

4. **Eligibility Errors.** There are two reasons that a student could show up in this section. First, the individual has been identified as receiving payments above the program maximum. The maximum identified could be a combination of payments at your college/university or at a number of colleges and universities that have paid the student under this program. This student’s payment will not be loaded into the system until the payment amount has been reduced to or below the program limit. The second reason is the disbursement reported by your college/university was for a student who was not certified to receive funds under that program (AIOS, NGEAP, FCG, and ETV only).

5. **No ISIR EFC in System.** Keep in mind that when a college uploads a file, the EFC (field #9) for each student reported in the text file is matched to a corresponding EFC in the Commission’s ISIR database. If a match is not found for a program that requires an EFC, an error will display. Since the FAFSA is not required for NGEAP, disbursements submitted through the file upload for this program will not have this match performed. Or, if the student has an uncalculated EFC due to a FAFSA issue, this error may display.

View Web Reports

After a file is sent to the Commission from a college or university in-house system, it is automatically loaded to the Commission's database. In addition, colleges or universities that use on-line updating are making changes directly to the system. Therefore, all numbers are immediately available in reports.

Available Reports:

The **School Payout Roster** allows you to view all of your students, by term, chosen fields, program and Last Name or SSN. At the bottom of the roster, you will find the total dollar amounts reported for each of the programs.

The **Students With Ineligible EFC, Students With Application Past Deadline, Students Without FAFSA, Students With Payment(s) Above Award Limits, Students with Payments(s) At Another School and Students With No Fall Disbursements** are all reports that identify potential awarding issues.

The **Grant History Expirations** report will allow you to query students that have disbursements reported during the current academic year by the number of full-time semester awards they have cumulatively received.

The **Students with NSLDS Default** report will show any students your college has paid with a default or overpayment code on the ISIR. Please verify that these students are, in fact, eligible for state and federal aid.

The **View Ledger and Search Payments** reports are meant to assist with reconciliation between the school and the Commission.

The next two pages offer an example of the **School Payout Roster** and explain what each section of the roster provides.

Payment History

The “History” link allows colleges to look up the number of full time or part time semesters a student has received funding through the All Iowa Opportunity Scholarship, Barber and Cosmetology Grant, Iowa Tuition Grant, Iowa Vocational Technical Grant, Iowa Grant, Iowa National Guard Education Assistance Program, and Kibbie Grant. The ‘History’ link can be found at the top of the page or on the side of the opening page.

The screenshot shows the website header with the Iowa College Student Aid Commission logo and the text "i have a plan IOWA scholarships & grants". Below the header is a navigation menu with links: USER GUIDE, SEND, REPORTS, UPDATE, HISTORY, ACCESS, and LOGOFF. The main content area features a green box titled "Scholarship & Grant History Inquiries" containing a search form with a label "SSN:", an input field, and a "Search" button. Below the search form is a note: "*Note: This history is currently only for academic years 2001-2002 through the present." At the bottom of the page, there is contact information for the Information Service Center and a copyright notice for 2009 Iowa College Student Aid Commission.

The History function allows financial aid administrators to search historical state grant disbursement records dating back to the 2001-02 academic year. If a financial aid administrator suspects that a student attended an Iowa college and received a state grant prior to 2001-02, Commission staff should be contacted to research any prior grant receipt.

The History function will display state grant receipt in any state-defined term for each year a student received state grant funding. Historical grant records held by the Commission associate full-time and part-time semesters to the total grant amount received for a program on an annual basis. Since credit hours are not reported in the System, annual award amounts are used to interpret full-time and part-time semesters of receipt to ensure consistent calculations across all students (colleges may not know the enrollment statuses associated to transfer students that received grants at other colleges or for students that last received a state grant in the 1970's).

Below is an example of the results screen after typing in a student's Social Security Number. The red boxes show this student has used six full time semesters of Iowa Tuition Grant. The “Max” line shows the maximum amount of Iowa Tuition Grant the student could receive and the “Actual” line shows the amount the student did receive. You can determine how much a student has received by looking at the bottom of the page under Totals for all Records with SSN.

*Batch Year references the last digit of the upper bound year in each corresponding academic year. Ex: 2012-13 = Batch Year "3"; 2015-16 = Batch Year "6".

**When reporting Iowa Work Study and Work Study match make sure to round to the nearest dollar. Rounding adjustments may need to be made so you don't exceed your allocation.

***The Iowa Disaster Relief Grant Program only existed during the 2008-09 academic year.

Header and Trailer records may be included at the start and end of the file as follows:

Start	End	Field Name	Value
<hr/>			
Header			
1	2	@H	Identifies record as a header
3	8	School Code	Six digit school code
9	357	Filler	to match the data records (spaces)
<hr/>			
Trailer			
1	2	@T	Identifies record as a trailer
3	8	School Code	Six Digit School Code
9	357	Filler	to match the data records (spaces)

¹Field Types

N = numeric (right justify and zero fill to the left of numeric data)
C = character; alpha or numeric (left justify and follow data with blanks as needed). **Note: any payment field marked with type 'C' will be accepted whether or not it is left-justified**, so if trailing spaces are difficult to accomplish with your systems, then right-justify these fields. I.e. We will understand the following 4-digit payments in the same way: '200 ', ' 200', or '0200'.

Enrollment Status:

F = Full-time H = Half-time L = Less than Half-time

Information Codes – See Attached

Information Codes

These Codes are to be used to provide additional information to the Commission about specific student circumstances. Different codes may be used for each term.

INFORMATION CODES	EXPLANATION FOR USE
SP	Special Priority. This code must be used when paying additional students when allocations have been made by the Commission and special priority payments are authorized in the Iowa Tuition Grant and Iowa Vocational-Technical Tuition Grant Programs.
SI	Summer ITG for Accelerated Programs. Use this code when adding disbursements to state-defined Term 5 for summer ITG disbursements for students in accelerated programs.
SH	Summer Header. Summer as a header disbursement for Iowa Tuition Grant accelerated programs. This code must be used when an institution is disbursing summer Iowa Tuition Grant funds on the current year Scholarship and Grant System with ISIR data corresponding to the following year (in situations where the summer term serves as a header for the college). This option is only available for colleges with accelerated programs.
