Dear Postsecondary Registration Administrator:

Embry-Riddle Aeronautical University is committed to the delivery of quality programs in Iowa to prepare students for productive careers and leadership roles in service around the world.

Our technologically enriched, student-centered environment emphasizes learning through collaboration and teamwork, concern for ethical and responsible behavior, cultivation of analytical and management abilities, and a focus on the development of the professional skills needed for participation in a global community. We believe a vibrant future for aviation and aerospace rests in the success of our students. Toward this end, Embry-Riddle is committed to providing a climate that facilitates the highest standards of academic achievement and knowledge discovery, in an interpersonal environment that supports the unique needs of each individual. Embry-Riddle Aeronautical University is the world's leader in aviation and aerospace education. The University is an independent, non-profit, culturally diverse institution providing quality education and research in aviation, aerospace, engineering and related fields leading to associate's, baccalaureate's, master's and doctoral degrees.

If Embry-Riddle closes a program, a teach-out plan is submitted to the Southern Association of Colleges and Schools – Commission on Colleges (SACS-COC) for review. This ensures all students that began the program can complete the program with Embry-Riddle.

Sincerely,

John P. Johnson, Ph.D.  
President and CEO  
Embry-Riddle Aeronautical University
